

Oslo local authority's parent survey for kindergartens 2015

Give your opinion about the kindergarten!

The links and user names for this year's parent survey have been e-mailed or sent as text messages to parents and guardians with children in kindergartens. If you have not received an e-mail or a text message, please contact the kindergarten staff.

Remember to answer by the deadline of 8 November.

The findings from the survey will be used to improve the quality of the kindergarten and increase the parents' level of satisfaction. It is therefore important that as many parents as possible answer the survey.

When work with the survey has been completed, the kindergarten staff will inform you about the findings and how they will be used to improve the centre.

It takes just five to ten minutes to answer the survey. It will be available in Norwegian, English, Arabic, Somali and Urdu. We ask that you write any comments in either Norwegian or English.

If you have more than one child in kindergarten, you should receive one e-mail or text message per child. The e-mail or text message will tell you which child and division you are answering for through the provided link.

Your answers cannot be connected to your name. Think about how you write any comments so that it is not possible to see who is writing them, if remaining anonymous is important to you.
